

Alfred Gellhorn, MD

Associate Professor of Clinical Rehabilitation
Medicine Director of Sports Medicine
Weill Cornell Medicine, NYC

Dr. Alfred Gellhorn is an Associate Professor of Clinical Rehabilitation Medicine and also serves as the Director of Sports Medicine for the Department of Rehabilitation Medicine. He treats a wide range of musculoskeletal sports injuries with a non-operative, patient-centered approach that focuses on maximizing function and optimizing the quality of life. Dr. Gellhorn is board certified in Physical Medicine and Rehabilitation and in Sports Medicine and holds additional credentials in Musculoskeletal Sonography.

Dr. Gellhorn believes that knowledge empowers patients and makes every effort to educate his patients about their injuries. His patient care philosophy is that making an accurate diagnosis should always be followed by tailoring a treatment plan to each individual.

Dr. Gellhorn received his MD degree from the University of Pennsylvania and completed his residency at the University of Washington in Seattle. He completed additional fellowship training in sports medicine as well as diagnostic musculoskeletal ultrasound. His research interests include the study of minimally invasive regenerative treatments for disorders such as osteoarthritis and tendinopathy. He lives in New York with his wife and two daughters and enjoys kayaking, cycling, and woodworking.
